Professional summary

A results-driven Website Project Manager and UX/UI Designer with a passion for connecting product strategy, clean aesthetics, and evolving technology.

Expert in streamlining digital workflows and continuously adapting to modern AI-driven processes to maximize efficiency and shorten production cycles.

By optimizing routine execution, I focus my core energy on deep UX architecture, thoughtful strategy, and delivering high-fidelity, polished digital platforms that drive business value.

Work experience

Marcomit | 2025 – Present

Website Project Manager & UX/UI Designer

- Led and managed complex website development projects from initial discovery and UX wireframing through UI design to full production and launch.
- Collaborated daily with engineering and development teams
- Driven end-to-end project execution, managing the entire lifecycle from initial kickoff and budget estimations/proposals, through deployment, to ongoing day-to-day client maintenance.
- Partnered closely with clients and marketing managers from leading companies, managing relationship dynamics and translating their business goals into clear design and development requirements.
- Specialized in designing conversion-driven B2B websites, transforming complex technical products and corporate strategies into engaging, user-friendly digital experiences.

TL Interactive | 2025

UX/UI & Graphic Designer

- Designed user-centric experiences and intuitive interfaces for a diverse range of web and mobile applications.
- Created detailed wireframes, interactive prototypes, and high-fidelity mockups based on user research and client specifications.
- Collaborated closely with product, development, and marketing teams to ensure seamless handoffs and maintain design integrity through production.

Pampas Mood Israel | 2024 – 2025

Digital Assets & Graphic Production

- Managed website content and e-commerce platform using WordPress, ensuring seamless updates, visual consistency, and an optimized user experience.
- Led graphic production and designed marketing assets, creating tailored visual catalogs and promotional materials targeted at corporate B2B clients.
- Optimized internal digital workflows and handled customer order systems, improving overall operational efficiency and service delivery.

Fix Digital | 2023 – 2024

CRM Presentation Coordinator

- Analyzed customer needs and system data to map out and coordinate tailored client presentations.

Education

2023 – 2025 | [Shenkar](#) College of Engineering,
design and art engineering certificate in visual communication
